

Laminate Lifetime Limited Residential Warranty

LIFETIME RESIDENTIAL LIMITED WEAR WARRANTY FOR LAMINATE FLOORING

Applies to: Charisma

What the LAMETT Laminate Flooring Limited Residential Warranty Covers:

Lamett warrants that this laminate floor:

- Will not stain from normal household consumable items such as food or drink
- Will not wear through the decorative surface (scratches or reduction in gloss level is not considered wear)
- Will not fade as a result of direct sunlight or household lighting
- Will be free of manufacturing defects

Pre-installation warranty

It is the duty of the installer, whether professional or DIY (do it yourself), to inspect all flooring before installation. If during inspection the installer or buyer feels the floors is the wrong color, improperly manufactured, is off-grade or is the wrong gloss level, he/she should NOT install the flooring. Please immediately contact the retailer from which the flooring was purchased. No claims will be accepted for flooring which is visibly wrong if such flooring is installed. Installed flooring is deemed to be visibly acceptable.

Moisture Warranty

Lamett warrants the laminate flooring in its original manufactured state to the original purchaser from the date of purchase, under normal residential use, that the surface, when properly installed, shall be resistant to damage from normal household spills resulting in discoloration or structural decomposition. The Moisture Warranty does not cover flooding, standing water, leaking pipes, household mechanical failures, appliance leaks or pet urine.

Radiant Heat (Underfloor) Installation

We warrant to you (the original purchaser) that Lamett Laminate may be installed over radiant-heated subfloors provided the surface temperature of the system does not exceed 81 degrees Fahrenheit (27 degrees Celsius), and the relative humidity levels are maintained between 35% and 55%. This warranty, however, does not cover electrical floor heating systems.

Before installing over newly constructed radiant heat systems, operate the system at maximum capacity to force any residual moisture from the cementitious topping of the radiant heat system. Then set the thermostat to a comfortable room temperature for the installation. It is recommended that the radiant heat be applied in a gradual manner after installing the laminate flooring. Refer to the radiant heat system's manufacturer recommendations for additional guidance.

What you should do if any of the above listed problems occur:

The original residential purchaser should notify their authorized Lamett dealer from which the original purchase was made of any defect no later than 30 days after discovering the defect but within the same time period of this limited warranty. The original residential purchase must present to that Authorized Lamett dealer the following items for a limited warranty claim to be considered:

- A valid proof of purchase in the form of sales receipt which establishes proof of purchase;
- A detailed description of the problem and/or a photograph/sample that clearly shows the warranty problem.

What Lamett will do:

If Lamett honors a claim under this limited warranty, it will authorize repair or replacement at the pro-rated percentage cost of the material. This percentage is determined by the number of years remaining on the warranty and the remaining period up to 30 years. For example, if the claim is made 12 years after the original purchase, then Lamett will pay 60% (18/30th) of the material. If the claim is made 30 years or more after the purchase, Lamett will provide you, the original purchaser, with a 5% discount on material only on your next purchase of a Lamett laminate product.

If professionally installed by a certified laminate installer, Lamett will pay the reasonable labor costs to perform the replacement or repair during the first 3 years from the date of the original purchase. No labor is included for claims later than 36 months after original purchase.
